Shipping Policy

Customer pays all incoming shipping charges for replacement components. If the item is defective and under warranty, Eastey Enterprises will pay all return shipping charges via the least costly method. If expedited shipping is desired, the customer must furnish their shipping account number and shipping fees will be charged to that account.

Exclusions

Damage due to tampering, abuse, improper adjustment, electrical interference, or the use of non-approved components will void any and all warranties by Eastey Enterprises and its distributors.

Warranty Verification

If you conclude that a product may be defective and may be covered by warranty, obtain a Return Material Authorization number by calling our technical support number (toll free at 1-800-835-9344, or 763-428-4846 or Fax: 763-795-8867) or e-mail: info@eastey.com. Based on the recommendation from Eastey technical support, replacement components may be shipped out via UPS Ground or similar method. If expedited shipping is desired, customer must furnish their shipping account and shipping fees will be charged to that account.

Customer is required to return the defective component to Eastey. If, after 30 days, Eastey hasn't received the defective component, the customer will be invoiced for the replacement component. If the returned component is found to not be eligible for warranty, Eastey will contact the customer, and the customer will be invoiced for the replacement component.

Warranty within 60 days of invoice

For warranty questions that take place within 60 days of the original invoice, EasteY Enterprises will allow cross-shipment of a replacement component to an end-user customer or EasteY Enterprises distributor. The customer will be invoiced for the replacement component 60 days after it ships. Upon receipt of the returned component, EasteY Enterprises will evaluate it and issue credit where necessary.

For components that have been misused or externally damaged, EasteY Enterprises will not issue credit, and will contact the customer to determine whether or not they want the component repaired and/or returned.

Warranty after 60 days of invoice

For warranty questions that take place more than 60 days from the original invoice, EasteY Enterprises requires the end-user or EasteY Enterprises distributor to return the component to EasteY Enterprises for repair. Upon receipt of the returned component, EasteY Enterprises will evaluate it and repair as necessary.

Components that fall within our warranty policy will be repaired normally within 5 business days of receipt and returned to the customer via standard ground shipping at EasteY Enterprises' expense. If expedited shipping is required, the customer must furnish their shipping account number and shipping fees will be charged to that account.

For components that have been misused or externally damaged, EasteY Enterprises will contact the customer to determine whether or not they want the component repaired and/or returned.

Warranty Eligibility

The warranty provided by EasteY Enterprises is only to the original buyer.
